

# *The Journal* OF THE *House of Representatives*

Number 34

Monday, March 7, 2022

The House was called to order by the Speaker at 10:30 a.m.

## Prayer

The following prayer was offered by the Honorable Webster Barnaby:

The word of God tells us: For we are not come unto the mount that might be touched and that burned with fire, nor unto blackness, and darkness, and tempest, and the sound of a trumpet and the voice of words, which voice they had heard entreated that the Word should not be spoken to them anymore. For they could not endure that which was commanded. And "if so much as a beast touch the mountain, it should be stoned or thrust through with a dart." And so terrible was the sight that Moses said, I exceedingly fear and quake. But you are come unto the Mount Zion and unto the city of the living God, the heavenly Jerusalem, and to an innumerable company of angels. [Hebrews 12:18-22]

God of Abraham, Isaac, and Jacob, this morning we are privileged to stand before You as lawmakers, representing the great state of Florida. And, Father, as we recognize that this week is the final countdown to what was a great session for the people of the state of Florida, we ask that Your special anointing will be in this Chamber, upon every lawmaker, upon our Speaker, upon our Governor, and upon all the Cabinet members for the great state of Florida.

Lord, these are tumultuous times in our nation and, indeed, around the nations of the earth. We ask that, God, You would, indeed, be the Prince of Peace.

The writer Isaiah tells us that the government will be upon Your shoulders, so it's because it's on Your shoulders that we humbly ask for Your special anointing to bring peace upon this earth, especially to the people of Ukraine. I pray, Father God, for pastors, for shepherds, to be able to shepherd their flock, as we are shepherding our constituents in the great state of Florida. We pray for the protesters that are here today. May they be enlightened by Your truth. We thank You, God, for every soul that is gathered in this place. Let Your anointing be felt throughout the great state of Florida. We pray for special touch from heaven today, God, and for this we pray in Jesus' name. And everyone said, Amen.

#### B. PROCEDURES:

Time allocations apply to all bills listed in Section A and any bill substituted for or taken up in lieu of a listed bill. Amendment sponsors shall have 2 minutes to open and 2 minutes to close, except as outlined below.

Except for the bills listed in Section C, the House shall spend no more than the following times:

- For each bill:
  - Questions and answers - 10 minutes
  - Debate - 5 minutes
- For each amendment:
  - Questions and answers - 5 minutes
  - Debate - 5 minutes

For all bills, along with their associated amendments, the time for questions and answers includes both the question and the answer and shall be no more than the times listed. Neither the question nor the answer shall be protracted in an attempt to use up the time.

Once more than 10 non-bill sponsor amendments are filed, the allocation of time spent on each non-bill sponsor amendment shall be determined as follows:

- 90 minutes divided by the total number of non-sponsor amendments filed.
- The time allocated for each non-bill sponsor amendment shall be divided equally between the open, questions, debate, and close.
- Amendments withdrawn prior to consideration of the bill don't count toward the total.

For the bills listed in Section C, time spent on debate shall be allocated as specified, with the time equally divided. In addition to the allotted time, the sponsor will explain and close the bill, closing not to exceed 5 minutes. After opening, the debate managers identified below (or their designee) shall be alternately recognized until their time runs out. Time not utilized is lost.

- Debate managers may speak in debate and yield time to other Members to debate; no Member may be recognized for debate unless a debate manager yields time to that Member. Recognitions of debate managers must go through the Speaker. A Member may not be recognized more than once in debate on the bill or amendment.

(Amendment Bar Code: 739505)

**Amendment 1 (with title amendment)**—Remove everything after the enacting clause and insert:

Section 1. Subsection (26) of section 409.908, Florida Statutes, is amended to read:

409.908 Reimbursement of Medicaid providers.—Subject to specific appropriations, the agency shall reimburse Medicaid providers, in accordance with state and federal law, according to methodologies set forth in the rules of the agency and in policy manuals and handbooks incorporated by reference therein. These methodologies may include fee schedules, reimbursement methods based on cost reporting, negotiated fees, competitive bidding pursuant to s. 287.057, and other mechanisms the agency considers efficient and effective for purchasing services or goods on behalf of recipients. If a provider is reimbursed based on cost reporting and submits a cost report late and that cost report would have been used to set a lower reimbursement rate for a rate semester, then the provider's rate for that semester shall be retroactively calculated using the new cost report, and full payment at the recalculated rate shall be effected retroactively. Medicare-granted extensions for filing cost reports, if applicable, shall also apply to Medicaid cost reports. Payment for Medicaid compensable services made on behalf of Medicaid-eligible persons is subject to the availability of moneys and any limitations or directions provided for in the General Appropriations Act or chapter 216. Further, nothing in this section shall be construed to prevent or limit the agency from adjusting fees, reimbursement rates, lengths of stay, number of visits, or number of services, or making any other adjustments necessary to comply with the availability of moneys and any limitations or directions provided for in the General Appropriations Act, provided the adjustment is consistent with legislative intent.

(26) The agency may receive funds from state entities, including, but not limited to, the Department of Health, local governments, and other local political subdivisions, for the purpose of making special exception payments and Low Income Pool Program payments, including federal matching funds. Funds received for this purpose shall be separately accounted for and may not be commingled with other state or local funds in any manner. The agency may certify all local governmental funds used as state match under Title XIX of the Social Security Act to the extent and in the manner authorized under the General Appropriations Act and pursuant to an agreement between the agency and the local governmental entity. In order for the agency to certify

such local governmental funds, a local governmental entity must submit a final, executed letter of agreement to the agency, which must be received by October 1 of each fiscal year and provide the total amount of local governmental funds authorized by the entity for that fiscal year under the General Appropriations Act. The local governmental entity shall use a certification form prescribed by the agency. At a minimum, the certification form must identify the amount being certified and describe the relationship between the certifying local governmental entity and the local health care provider. Local governmental funds outlined in the letters of agreement must be received by the agency no later than October 31 of each fiscal year in which such funds are pledged, unless an alternative plan is specifically approved by the agency. To be eligible for low-income pool funding or other forms of supplemental payments funded by intergovernmental transfers, and in addition to any other applicable requirements, essential providers identified in s. 409.975(1)(a) ~~s. 409.975(1)(a)2.~~ must have a network ~~offer to~~ contract with each managed care plan in their region and essential providers identified in s. 409.975(1)(b) ~~s. 409.975(1)(b)1. and 3.~~ must have a network ~~offer to~~ contract with each managed care plan in the state. Before releasing such supplemental payments, ~~in the event the parties have not executed network contracts,~~ the agency shall determine whether such contracts are in place and evaluate the parties' efforts to complete negotiations. If such efforts continue to fail, the agency must withhold such supplemental payments beginning no later than January 1 of each fiscal year for essential providers without such contracts in place. By the end of each fiscal year, the agency shall identify essential providers who have not executed required network contracts with the applicable managed care plans for the next fiscal year. By July 30, such providers and plans must enter into mediation and jointly notify the agency of mediation commencement. Selection of a mediator must be by mutual agreement of the plan and provider, or, if they cannot agree, by the agency from a list of at least four mediators submitted by the parties. The costs of the mediation shall be borne equally by the parties. The mediation must be completed before September 30. On or before October 1, the mediator must submit a written postmediation report to the agency, including the outcome of the mediation and, if mediation resulted in an impasse, conclusions and recommendations as to the cause of the impasse, the party most responsible for the impasse, and whether the mediator believes that either party negotiated in bad faith. If the mediator recommends to the agency that a party or both parties negotiated in bad faith, the postmediation report must state the basis for such recommendation, cite all relevant information forming the basis of the recommendation, and attach any relevant documentation. The agency must promptly publish all postmediation reports on its website in the third quarter of the fiscal year if it determines that, based upon the totality of the circumstances, the essential provider has negotiated with the managed care plan in bad faith. If the agency determines that an essential provider has negotiated in bad faith, it must notify the essential provider at least 90 days in advance of the start of the third quarter of the fiscal year and afford the essential provider hearing rights in accordance with chapter 120.

Section 2. Subsection (1) of section 409.912, Florida Statutes, is amended to read:

409.912 Cost-effective purchasing of health care.—The agency shall purchase goods and services for Medicaid recipients in the most cost-effective manner consistent with the delivery of quality medical care. To ensure that medical services are effectively utilized, the agency may, in any case, require a confirmation or second physician's opinion of the correct diagnosis for purposes of authorizing future services under the Medicaid program. This section does not restrict access to emergency services or poststabilization care services as defined in 42 C.F.R. s. 438.114. Such confirmation or second opinion shall be rendered in a manner approved by the agency. The agency shall maximize the use of prepaid per capita and prepaid aggregate fixed-sum basis services when appropriate and other alternative service delivery and reimbursement methodologies, including competitive bidding pursuant to s. 287.057, designed to facilitate the cost-effective purchase of a case-managed continuum of care. The agency shall also require providers to minimize the exposure of recipients to the need for acute inpatient, custodial, and other institutional care and the inappropriate or unnecessary use of high-cost services. The agency shall contract with a vendor to monitor and evaluate the clinical practice patterns of providers in order to

identify trends that are outside the normal practice patterns of a provider's professional peers or the national guidelines of a provider's professional association. The vendor must be able to provide information and counseling to a provider whose practice patterns are outside the norms, in consultation with the agency, to improve patient care and reduce inappropriate utilization. The agency may mandate prior authorization, drug therapy management, or disease management participation for certain populations of Medicaid beneficiaries, certain drug classes, or particular drugs to prevent fraud, abuse, overuse, and possible dangerous drug interactions. The Pharmaceutical and Therapeutics Committee shall make recommendations to the agency on drugs for which prior authorization is required. The agency shall inform the Pharmaceutical and Therapeutics Committee of its decisions regarding drugs subject to prior authorization. The agency is authorized to limit the entities it contracts with or enrolls as Medicaid providers by developing a provider network through provider credentialing. The agency may competitively bid single-source-provider contracts if procurement of goods or services results in demonstrated cost savings to the state without limiting access to care. The agency may limit its network based on the assessment of beneficiary access to care, provider availability, provider quality standards, time and distance standards for access to care, the cultural competence of the provider network, demographic characteristics of Medicaid beneficiaries, practice and provider-to-beneficiary standards, appointment wait times, beneficiary use of services, provider turnover, provider profiling, provider licensure history, previous program integrity investigations and findings, peer review, provider Medicaid policy and billing compliance records, clinical and medical record audits, and other factors. Providers are not entitled to enrollment in the Medicaid provider network. The agency shall determine instances in which allowing Medicaid beneficiaries to purchase durable medical equipment and other goods is less expensive to the Medicaid program than long-term rental of the equipment or goods. The agency may establish rules to facilitate purchases in lieu of long-term rentals in order to protect against fraud and abuse in the Medicaid program as defined in s. 409.913. The agency may seek federal waivers necessary to administer these policies.

(1) The agency may contract with a provider service network, which ~~must~~ ~~may be reimbursed on a fee-for-service or prepaid basis. Prepaid~~ Provider service networks shall receive per-member, per-month payments. ~~A provider service network that does not choose to be a prepaid plan shall receive fee-for-service rates with a shared savings settlement. The fee-for-service option shall be available to a provider service network only for the first 2 years of the plan's operation or until the contract year beginning September 1, 2014, whichever is later. The agency shall annually conduct cost reconciliations to determine the amount of cost savings achieved by fee-for-service provider service networks for the dates of service in the period being reconciled. Only payments for covered services for dates of service within the reconciliation period and paid within 6 months after the last date of service in the reconciliation period shall be included. The agency shall perform the necessary adjustments for the inclusion of claims incurred but not reported within the reconciliation for claims that could be received and paid by the agency after the 6 month claims processing time lag. The agency shall provide the results of the reconciliations to the fee-for-service provider service networks within 45 days after the end of the reconciliation period. The fee for service provider service networks shall review and provide written comments or a letter of concurrence to the agency within 45 days after receipt of the reconciliation results. This reconciliation shall be considered final.~~

(a) A provider service network which is reimbursed by the agency on a prepaid basis shall be exempt from parts I and III of chapter 641 but must comply with the solvency requirements in s. 641.2261(2) and meet appropriate financial reserve, quality assurance, and patient rights requirements as established by the agency.

(b) A provider service network is a network established or organized and operated by a health care provider, or group of affiliated health care providers, which provides a substantial proportion of the health care items and services under a contract directly through the provider or affiliated group of providers and may make arrangements with physicians or other health care professionals, health care institutions, or any combination of such individuals or institutions to assume all or part of the financial risk on a prospective basis for the provision of basic health services by the physicians, by other health

professionals, or through the institutions. The health care providers must have a controlling interest in the governing body of the provider service network organization.

(c) This subsection does not authorize the agency to contract with a provider service network outside of the procurement process described in s. 409.966.

Section 3. Section 409.9124, Florida Statutes, is repealed.

Section 4. Section 409.964, Florida Statutes, is amended to read:

409.964 Managed care program; state plan; waivers.—The Medicaid program is established as a statewide, integrated managed care program for all covered services, including long-term care services. The agency shall apply for and implement state plan amendments or waivers of applicable federal laws and regulations necessary to implement the program. ~~Before seeking a waiver, the agency shall provide public notice and the opportunity for public comment and include public feedback in the waiver application. The report must be available in electronic form and delineate utilization use by age, gender, eligibility group, geographic area, and aggregate clinical risk score. The agency shall conduct a single, statewide procurement, shall negotiate and select plans on a regional basis, and may select plans on a statewide basis if deemed the best value for the state and Medicaid recipients. (3) QUALITY SELECTION CRITERIA.—

(a) The invitation to negotiate must specify the criteria and the relative weight of the criteria that will be used for determining the acceptability of the reply and guiding the selection of the organizations with which the agency negotiates. In addition to criteria established by the agency, the agency shall consider the following factors in the selection of eligible plans:

1. Accreditation by the National Committee for Quality Assurance, the Joint Commission, or another nationally recognized accrediting body.

2. Experience serving similar populations, including the organization's record in achieving specific quality standards with similar populations.

3. Availability and accessibility of primary care and specialty physicians in the provider network.

4. Establishment of community partnerships with providers that create opportunities for reinvestment in community-based services.

5. Organization commitment to quality improvement and documentation of achievements in specific quality improvement projects, including active involvement by organization leadership.

6. Provision of additional benefits, particularly dental care and disease management, and other initiatives that improve health outcomes.

7. Evidence that an eligible plan has obtained signed contracts or written agreements ~~or signed contracts~~ or has made substantial progress in establishing relationships with providers before the plan submits ~~submitting~~ a response.

8. Comments submitted in writing by any enrolled Medicaid provider relating to a specifically identified plan participating in the procurement in the same region as the submitting provider.

9. Documentation of policies and procedures for preventing fraud and abuse.

10. The business relationship an eligible plan has with any other eligible plan that responds to the invitation to negotiate.

~~(d) For the first year of the first contract term, the agency shall negotiate capitation rates or fee for service payments with each plan in order to guarantee aggregate savings of at least 5 percent.~~

~~1. For prepaid plans, determination of the amount of savings shall be calculated by comparison to the Medicaid rates that the agency paid managed care plans for similar populations in the same areas in the prior year. In regions containing no prepaid plans in the prior year, determination of the amount of savings shall be calculated by comparison to the Medicaid rates established and certified for those regions in the prior year.~~

~~2. For provider service networks operating on a fee for service basis, determination of the amount of savings shall be calculated by comparison to the Medicaid rates that the agency paid on a fee for service basis for the same services in the prior year.~~

~~(e) To ensure managed care plan participation in Regions 1 and 2, the agency shall award an additional contract to each plan with a contract award in Region 1 or Region 2. Such contract shall be in any other region in which the plan submitted a responsive bid and negotiates a rate acceptable to the agency. If a plan that is awarded an additional contract pursuant to this paragraph is subject to penalties pursuant to s. 409.967(2)(i) for activities in Region 1 or Region 2, the additional contract is automatically terminated 180 days after the imposition of the penalties; the plan must reimburse the agency for the cost of enrollment changes and other transition activities.~~

(4) ADMINISTRATIVE CHALLENGE.—Any eligible plan that participates in an invitation to negotiate ~~in more than one region~~ and is

~~selected in at least one region~~ may not begin serving Medicaid recipients in any region ~~for which it was selected~~ until all administrative challenges to procurements required by this section to which the eligible plan is a party have been finalized. If the number of plans selected is less than the maximum amount of plans permitted in the region, the agency may contract with other selected plans in the region not participating in the administrative challenge before resolution of the administrative challenge. For purposes of this subsection, an administrative challenge is finalized if an order granting voluntary dismissal with prejudice has been entered by any court established under Article V of the State Constitution or by the Division of Administrative Hearings, a final order has been entered into by the agency and the deadline for appeal has expired, a final order has been entered by the First District Court of Appeal and the time to seek any available review by the Florida Supreme Court has expired, or a final order has been entered by the Florida Supreme Court and a warrant has been issued.

Section 6. Paragraphs (c) and (f) of subsection (2) and paragraph (b) of subsection (4) of section 409.967, Florida Statutes, are amended, and paragraph (k) is added to subsection (3) of that section, to read:

409.967 Managed care plan accountability.—

(2) The agency shall establish such contract requirements as are necessary for the operation of the statewide managed care program. In addition to any other provisions the agency may deem necessary, the contract must require:

(c) Access.—

1. The agency shall establish specific standards for the number, type, and regional distribution of providers in managed care plan networks to ensure access to care for both adults and children. Each plan must maintain a regionwide network of providers in sufficient numbers to meet the access standards for specific medical services for all recipients enrolled in the plan. The exclusive use of mail-order pharmacies may not be sufficient to meet network access standards. Consistent with the standards established by the agency, provider networks may include providers located outside the region. ~~A plan may contract with a new hospital facility before the date the hospital becomes operational if the hospital has commenced construction, will be licensed and operational by January 1, 2013, and a final order has issued in any civil or administrative challenge.~~ Each plan shall establish and maintain an accurate and complete electronic database of contracted providers, including information about licensure or registration, locations and hours of operation, specialty credentials and other certifications, specific performance indicators, and such other information as the agency deems necessary. The database must be available online to both the agency and the public and have the capability to compare the availability of providers to network adequacy standards and to accept and display feedback from each provider's patients. Each plan shall submit quarterly reports to the agency identifying the number of enrollees assigned to each primary care provider. The agency shall conduct, or contract for, systematic and continuous testing of the provider network databases maintained by each plan to confirm accuracy, confirm that ~~behavioral health~~ providers are accepting enrollees, and confirm that enrollees have timely access to all covered benefits ~~behavioral health services~~.

2. Each managed care plan must publish any prescribed drug formulary or preferred drug list on the plan's website in a manner that is accessible to and searchable by enrollees and providers. The plan must update the list within 24 hours after making a change. Each plan must ensure that the prior authorization process for prescribed drugs is readily accessible to health care providers, including posting appropriate contact information on its website and providing timely responses to providers. For Medicaid recipients diagnosed with hemophilia who have been prescribed anti-hemophilic-factor replacement products, the agency shall provide for those products and hemophilia overlay services through the agency's hemophilia disease management program.

3. Managed care plans, and their fiscal agents or intermediaries, must accept prior authorization requests for any service electronically.

4. Managed care plans serving children in the care and custody of the Department of Children and Families must maintain complete medical, dental, and behavioral health encounter information and participate in making such information available to the department or the applicable contracted community-based care lead agency for use in providing comprehensive and coordinated case management. The agency and the

department shall establish an interagency agreement to provide guidance for the format, confidentiality, recipient, scope, and method of information to be made available and the deadlines for submission of the data. The scope of information available to the department shall be the data that managed care plans are required to submit to the agency. The agency shall determine the plan's compliance with standards for access to medical, dental, and behavioral health services; the use of medications; and followup on all medically necessary services recommended as a result of early and periodic screening, diagnosis, and treatment.

(f) Continuous improvement.—The agency shall establish specific performance standards and expected milestones or timelines for improving performance over the term of the contract.

1. Each managed care plan shall establish an internal health care quality improvement system, including enrollee satisfaction and disenrollment surveys. The quality improvement system must include incentives and disincentives for network providers.

2. Each plan must collect and report the Health Plan Employer Data and Information Set (HEDIS) measures, as specified by the agency. These measures must be published on the plan's website in a manner that allows recipients to reliably compare the performance of plans. The agency shall use the HEDIS measures as a tool to monitor plan performance.

3. Each managed care plan must be accredited by the National Committee for Quality Assurance, the Joint Commission, or another nationally recognized accrediting body, or have initiated the accreditation process, within 1 year after the contract is executed. For any plan not accredited within 18 months after executing the contract, the agency shall suspend automatic assignment under s. 409.977 and 409.984.

~~4. By the end of the fourth year of the first contract term, the agency shall issue a request for information to determine whether cost savings could be achieved by contracting for plan oversight and monitoring, including analysis of encounter data, assessment of performance measures, and compliance with other contractual requirements.~~

(3) ACHIEVED SAVINGS REBATE.—

~~(k) Plans that contribute funds pursuant to paragraph (4)(b) or paragraph (4)(c) may reduce the rebate owed by an amount equal to the amount of the contribution.~~

(4) MEDICAL LOSS RATIO.—If required as a condition of a waiver, the agency may calculate a medical loss ratio for managed care plans. The calculation shall use uniform financial data collected from all plans and shall be computed for each plan on a statewide basis. The method for calculating the medical loss ratio shall meet the following criteria:

(b) Funds provided by plans to ~~graduate medical~~ education institutions to underwrite the costs of residency positions in graduate medical education programs, undergraduate and graduate student positions in nursing education programs, or student positions in any degree or technical program deemed a critical shortage area by the agency shall be classified as medical expenditures, provided that the funding is sufficient to sustain the positions for the number of years necessary to complete the program residency requirements and the residency or student positions funded by the plans are actively involved in the institution's provision of care to Medicaid and uninsured patients.

Section 7. Subsection (2) of section 409.968, Florida Statutes, is amended to read:

409.968 Managed care plan payments.—

(2) Provider service networks ~~must may~~ be prepaid plans and receive per-member, per-month payments negotiated pursuant to the procurement process described in s. 409.966. ~~Provider service networks that choose not to be prepaid plans shall receive fee for service rates with a shared savings settlement. The fee for service option shall be available to a provider service network only for the first 2 years of its operation. The agency shall annually conduct cost reconciliations to determine the amount of cost savings achieved by fee for service provider service networks for the dates of service within the period being reconciled. Only payments for covered services for dates of service within the reconciliation period and paid within 6 months after the last date of service in the reconciliation period must be included. The agency shall perform the necessary adjustments for the inclusion of claims incurred but not reported within the reconciliation period for claims that could be~~

~~received and paid by the agency after the 6-month claims processing time lag. The agency shall provide the results of the reconciliations to the fee for service provider service networks within 45 days after the end of the reconciliation period. The fee for service provider service networks shall review and provide written comments or a letter of concurrence to the agency within 45 days after receipt of the reconciliation results. This reconciliation is considered final.~~

Section 8. Subsection (3) and paragraph (b) of subsection (4) of section 409.973, Florida Statutes, are amended, and paragraphs (c) through (g) are added to subsection (5) of that section, to read:

409.973 Benefits.—

(3) HEALTHY BEHAVIORS.—Each plan operating in the managed medical assistance program shall establish a program to encourage and reward healthy behaviors. At a minimum, each plan must establish a medically approved tobacco use ~~smoking~~ cessation program, a medically directed weight loss program, and a medically approved alcohol or substance abuse recovery program, which shall include, at a minimum, a focus on opioid abuse recovery. Each plan must identify enrollees who use tobacco ~~smoke~~, are morbidly obese, or are diagnosed with alcohol or substance abuse in order to establish written agreements to secure the enrollees' commitment to participation in these programs.

(4) PRIMARY CARE INITIATIVE.—Each plan operating in the managed medical assistance program shall establish a program to encourage enrollees to establish a relationship with their primary care provider. Each plan shall:

(b) If the enrollee was not a Medicaid recipient before enrollment in the plan, assist the enrollee in scheduling an appointment with the primary care provider. If possible the appointment should be made within 30 days after enrollment in the plan. ~~For enrollees who become eligible for Medicaid between January 1, 2014, and December 31, 2015, the appointment should be scheduled within 6 months after enrollment in the plan.~~

(5) PROVISION OF DENTAL SERVICES.—

(c) Given the effect of oral health on overall health, each prepaid dental plan shall establish a program to improve dental health outcomes and increase utilization of preventive dental services. The agency shall establish performance and outcome measures, regularly assess plan performance, and publish data on such measures. Program components shall, at a minimum, include:

1. An education program to inform enrollees of the connection between oral health and overall health and preventive steps to improve dental health.

2. An enrollee incentive program designed to increase utilization of preventive dental services.

(d) The agency shall annually review encounter data and claims expenditures in the Statewide Medicaid Managed Care program for emergency department visits relating to nontraumatic and ambulatory sensitive dental conditions and reconcile service expenditures for these visits against capitation payments made to the prepaid dental plans.

(e) By October 1, 2022, each prepaid dental plan and each nondental managed care plan shall enter into a mutual coordination of benefits agreement that includes data sharing requirements and coordination protocols to support the provision of dental services and reduction of potentially preventable events.

(f) Beginning July 2022, each prepaid dental plan and each nondental managed care plan must meet quarterly to collaborate on specific goals to improve quality of care and enrollee health. Plans shall mutually establish, in writing, shared goals, specific and measurable objectives, and complementary strategies pertinent to state Medicaid priorities. The goals, objectives, and strategies must address improving access and appropriate utilization, maximizing efficiency by integrating health and dental care, improving patient experiences, attending to unmet social needs that affect preventive care utilization and early disease detection, and identifying and reducing disparities.

(g) The agency shall establish provider network requirements for dental plans. In addition, the agency must establish provider network requirements sufficient to ensure access to medically necessary sedation services, including, but not limited to, network participation by dentists credentialed to provide services in inpatient and outpatient settings and by inpatient and outpatient facilities and anesthesia service providers. The agency shall assess

plan compliance with network adequacy requirements at least quarterly and shall enforce such requirements in a timely manner.

Section 9. Subsections (1) and (2) of section 409.974, Florida Statutes, are amended to read:

409.974 Eligible plans.—

(1) ELIGIBLE PLAN SELECTION.—The agency shall select eligible plans for the managed medical assistance program through the procurement process described in s. 409.966. The agency shall select at least one provider service network for each region, if any submit a responsive bid. The agency shall procure the number of plans, inclusive of statewide plans, if any, for each region as follows:

~~(b) The agency shall procure two plans for Region 2. At least one plan shall be a provider service network if any provider service networks submit a responsive bid.~~

~~(c) The agency shall procure at least three plans and up to five plans for Region 3. At least one plan must be a provider service network if any provider service networks submit a responsive bid.~~

~~(d) The agency shall procure at least three plans and up to five plans for Region 4. At least one plan must be a provider service network if any provider service networks submit a responsive bid.~~

~~(e) The agency shall procure at least two plans and up to four plans for Region 5. At least one plan must be a provider service network if any provider service networks submit a responsive bid.~~

~~(f) The agency shall procure at least four plans and up to seven plans for Region 6. At least one plan must be a provider service network if any provider service networks submit a responsive bid.~~

~~(g) The agency shall procure at least three plans and up to six plans for Region 7. At least one plan must be a provider service network if any provider service networks submit a responsive bid.~~

~~(h) The agency shall procure at least two plans and up to four plans for Region 8. At least one plan must be a provider service network if any provider service networks submit a responsive bid.~~

~~(i) The agency shall procure at least two plans and up to four plans for Region 9. At least one plan must be a provider service network if any provider service networks submit a responsive bid.~~

~~(j) The agency shall procure at least two plans and up to four plans for Region 10. At least one plan must be a provider service network if any provider service networks submit a responsive bid.~~

If no provider service network submits a responsive bid, the agency shall procure no more than one fewer less than the maximum number of eligible plans permitted in that region. Within 12 months after the initial invitation to negotiate, the agency shall attempt to procure a provider service network. The agency shall notice another invitation to negotiate only with provider service networks in those regions where no provider service network has been selected.

(2) QUALITY SELECTION CRITERIA.—In addition to the criteria established in s. 409.966, the agency shall consider evidence that an eligible plan has obtained signed contracts or written agreements ~~or signed contracts~~ or has made substantial progress in establishing relationships with providers before the plan submits ~~submitting~~ a response. The agency shall evaluate and give special weight to evidence of signed contracts with essential providers as

defined by the agency pursuant to s. 409.975(1). ~~The agency shall exercise a preference for plans with a provider network in which over 10 percent of the providers use electronic health records, as defined in s. 408.051.~~ When all other factors are equal, the agency shall consider whether the organization has a contract to provide managed long-term care services in the same region and shall exercise a preference for such plans.

Section 10. Paragraphs (a) and (b) of subsection (1) of section 409.975, Florida Statutes, are amended to read:

409.975 Managed care plan accountability.—In addition to the requirements of s. 409.967, plans and providers participating in the managed medical assistance program shall comply with the requirements of this section.

(1) PROVIDER NETWORKS.—Managed care plans must develop and maintain provider networks that meet the medical needs of their enrollees in accordance with standards established pursuant to s. 409.967(2)(c). Except as provided in this section, managed care plans may limit the providers in their networks based on credentials, quality indicators, and price.

(a) Plans must include all providers in the region that are classified by the agency as essential Medicaid providers, unless the agency approves, in writing, an alternative arrangement for securing the types of services offered by the essential providers. Providers are essential for serving Medicaid enrollees if they offer services that are not available from any other provider within a reasonable access standard, or if they provided a substantial share of the total units of a particular service used by Medicaid patients within the region during the last 3 years and the combined capacity of other service providers in the region is insufficient to meet the total needs of the Medicaid patients. The agency may not classify physicians and other practitioners as essential providers.

1. The agency, at a minimum, shall determine which providers in the following categories are essential Medicaid providers:

~~a.1.~~ Federally qualified health centers.

~~b.2.~~ Statutory teaching hospitals as defined in s. 408.07(46).

~~c.3.~~ Hospitals that are trauma centers as defined in s. 395.4001(15).

~~d.4.~~ Hospitals located at least 25 miles from any other hospital with similar services.

2. Regional perinatal intensive care centers as defined in s. 383.16(2) are regional resources and essential providers for all managed care plans in the applicable region. All managed care plans in a region must have a network contract with each regional perinatal intensive care center in the region.

3. Managed care plans that have not contracted with all essential providers in the region as of the first date of recipient enrollment, or with whom an essential provider has terminated its contract, must negotiate in good faith with such essential providers for 1 year or until an agreement is reached, whichever is first. Payments for services rendered by a nonparticipating essential provider shall be made at the applicable Medicaid rate as of the first day of the contract between the agency and the plan. A rate schedule for all essential providers shall be attached to the contract between the agency and the plan. After 1 year, managed care plans that are unable to contract with essential providers shall notify the agency and propose an alternative arrangement for securing the essential services for Medicaid enrollees. The arrangement must rely on contracts with other participating providers, regardless of whether those providers are located within the same region as the nonparticipating essential service provider. If the alternative arrangement is approved by the agency, payments to nonparticipating essential providers after the date of the agency's approval shall equal 90 percent of the applicable Medicaid rate. Except for payment for emergency services, if the alternative arrangement is not approved by the agency, payment to nonparticipating essential providers shall equal 110 percent of the applicable Medicaid rate.

The agency shall assess plan compliance with this paragraph at least quarterly. No later than January 1 of each year, the agency must impose contract enforcement financial sanctions on, or assess contract damages against, a plan without a network contract as required by this subsection with an essential provider subject to the requirements of s. 409.908(26).

(b) Certain providers are statewide resources and essential providers for all managed care plans in all regions. All managed care plans must include these essential providers in their networks.

1. Statewide essential providers include:

- ~~a.1. Faculty plans of Florida medical schools.~~  
~~2. Regional perinatal intensive care centers as defined in s. 383.16(2).~~  
~~b.2. Hospitals licensed as specialty children's hospitals as defined in s. 395.002(28).~~  
c. Florida cancer hospitals that meet the criteria in 42 U.S.C. s. 1395ww(d)(1)(B)(v).

~~4. Accredited and integrated systems serving medically complex children which comprise separately licensed, but commonly owned, health care providers delivering at least the following services: medical group home, in-home and outpatient nursing care and therapies, pharmacy services, durable medical equipment, and Prescribed Pediatric Extended Care.~~

2. Managed care plans that have not contracted with all statewide essential providers in all regions as of the first date of recipient enrollment must continue to negotiate in good faith. Payments to physicians on the faculty of nonparticipating Florida medical schools shall be made at the applicable Medicaid rate. Payments for services rendered by regional perinatal intensive care centers shall be made at the applicable Medicaid rate as of the first day of the contract between the agency and the plan. Except for payments for emergency services, payments to nonparticipating specialty children's hospitals and payments to nonparticipating Florida cancer hospitals that meet the criteria in 42 U.S.C. s. 1395ww(d)(1)(B)(v) shall equal the highest rate established by contract between that provider and any other Medicaid managed care plan.

The agency shall assess plan compliance with this paragraph at least quarterly. No later than January 1 of each year, the agency must impose contract enforcement financial sanctions on, or assess contract damages against, a plan without a network contract as required by this subsection with an essential provider subject to the requirements of s. 409.908(26).

Section 11. Subsections (1), (4), and (5) of section 409.977, Florida Statutes, are amended to read:

409.977 Enrollment.—

(1) The agency shall automatically enroll into a managed care plan those Medicaid recipients who do not voluntarily choose a plan pursuant to s. 409.969. The agency shall automatically enroll recipients in plans that meet or exceed the performance or quality standards established pursuant to s. 409.967 and may not automatically enroll recipients in a plan that is deficient in those performance or quality standards. When a specialty plan is available to accommodate a specific condition or diagnosis of a recipient, the agency shall assign the recipient to that plan. The agency may not automatically enroll recipients in a managed medical assistance plan that has more than 50 percent of the enrollees in the region. In the first year of the first contract term only, if a recipient was previously enrolled in a plan that is still available in the region, the agency shall automatically enroll the recipient in that plan unless an applicable specialty plan is available. Except as otherwise provided in this part, the agency may not engage in practices that are designed to favor one managed care plan over another.

(4) The agency shall develop a process to enable a recipient with access to employer-sponsored health care coverage to opt out of all managed care plans and to use Medicaid financial assistance to pay for the recipient's share of the cost in such employer-sponsored coverage. ~~Contingent upon federal approval,~~ The agency shall also enable recipients with access to other insurance or related products providing access to health care services created pursuant to state law, including any product available under ~~the Florida Health Choices Program, or~~ any health exchange, to opt out. The amount of financial assistance provided for each recipient may not exceed the amount of the Medicaid premium that would have been paid to a managed care plan for that recipient. The agency shall ~~seek federal approval to~~ require Medicaid recipients with access to employer-sponsored health care coverage to enroll in that coverage and use Medicaid financial assistance to pay for the recipient's share of the cost for such coverage. The amount of financial assistance provided for each recipient may not exceed the amount of the Medicaid premium that would have been paid to a managed care plan for that recipient.

(5) Specialty plans serving children in the care and custody of the department may serve such children as long as they remain in care, including those remaining in extended foster care pursuant to s. 39.6251, or are in

subsidized adoption and continue to be eligible for Medicaid pursuant to s. 409.903, or are receiving guardianship assistance payments and continue to be eligible for Medicaid pursuant to s. 409.903.

(9) A provider of home health care services or of medical supplies and appliances shall be reimbursed on the basis of competitive bidding or for the lesser of the amount billed by the provider or the agency's established maximum allowable amount, except that, in the case of the rental or purchase of durable medical equipment and complex rehabilitation technology, the provider, including veteran providers, must be reimbursed by the agency, managed care plans, and any subcontractors at an amount equal to 100 percent of the total rental payments may not exceed the purchase price of the equipment over its expected useful life or the agency's established maximum allowable amount, whichever amount is less. Any agency cost increase must be accounted for in the managed care rate setting process.

(26) The agency may receive funds from state entities, including, but not limited to, the Department of Health, local governments, and other local political subdivisions, for the purpose of making special exception payments and Low Income Pool Program payments, including federal matching funds.

Funds received for this purpose shall be separately accounted for and may not be commingled with other state or local funds in any manner. The agency may certify all local governmental funds used as state match under Title XIX of the Social Security Act to the extent and in the manner authorized under the General Appropriations Act and pursuant to an agreement between the agency and the local governmental entity. In order for the agency to certify such local governmental funds, a local governmental entity must submit a final, executed letter of agreement to the agency, which must be received by October 1 of each fiscal year and provide the total amount of local governmental funds authorized by the entity for that fiscal year under the General Appropriations Act. The local governmental entity shall use a certification form prescribed by the agency. At a minimum, the certification form must identify the amount being certified and describe the relationship between the certifying local governmental entity and the local health care provider. Local governmental funds outlined in the letters of agreement must be received by the agency no later than October 31 of each fiscal year in which such funds are pledged, unless an alternative plan is specifically approved by the agency. To be eligible for low-income pool funding or other forms of supplemental payments funded by intergovernmental transfers, and in addition to any other applicable requirements, essential providers identified in s. 409.975(1)(a) s. 409.975(1)(a)2: must have a network offer to contract with each managed care plan in their region and essential providers identified in s. 409.975(1)(b) s. 409.975(1)(b)1. and 3: must have a network offer to contract with each managed care plan in the state. Before releasing such supplemental payments, in the event the parties have not executed network contracts, the agency shall determine whether such contracts are in place and evaluate the parties' efforts to complete negotiations. If such efforts continue to fail, the agency must withhold such supplemental payments beginning no later than January 1 of each fiscal year for essential providers without such contracts in place. By the end of each fiscal year, the agency shall identify essential providers who have not executed required network contracts with the applicable managed care plans for the next fiscal year. By July 30, such providers and plans must enter into mediation and jointly notify the agency of mediation commencement. Selection of a mediator must be by mutual agreement of the plan and provider, or, if they cannot agree, by the agency from a list of at least four mediators submitted by the parties. The costs of the mediation shall be borne equally by the parties. The mediation must be completed before September 30. On or before October 1, the mediator must submit a written postmediation report to the agency, including the outcome of the mediation and, if mediation resulted in an impasse, conclusions and recommendations as to the cause of the impasse, the party most responsible for the impasse, and whether the mediator believes that either party negotiated in bad faith. If the mediator recommends to the agency that a party or both parties negotiated in bad faith, the postmediation report must state the basis for such recommendation, cite all relevant information forming the basis of the recommendation, and attach any relevant documentation. The agency must promptly publish all postmediation reports on its website in the third quarter of the fiscal year if it determines that, based upon the totality of the circumstances, the essential provider has negotiated with the managed care plan in bad faith. If the agency determines that an essential provider has negotiated in bad faith, it must notify the essential provider at least 90 days in advance of the start of the third quarter of the fiscal year and afford the essential provider hearing rights in accordance with chapter 120.

(27) Any provider of mental health care for veterans must be reimbursed by the agency, managed care plans, and any subcontractors at an amount equal to 100 percent of the agency's established maximum allowable amount.
